

Charms Help

Fundraising:

Keep track of your fundraised money and use to make payments

Willamette Girlchoir does several fundraisers in the course of a season to assist in covering costs. All fundraised profits that your singer earns is credited to their individual account.

When a singer participates in a fundraiser, our Fundraising Chair keeps track of the records and applies the profits to the singer's individual Charms account. It shows up as a credit in the singer's Fundraising Ledger. The singer can then request that money be transferred to any balances, such as a tuition payment or a trip.

To see your fundraising balance:

1. Log in to your Charms account.
2. Click on the red dollar sign icon at the top of the page.

Your fundraising credit will be displayed in the ledger summary at the top of the page. To transfer that money **to make a payment on a balance**, either use the "Make Fundraising Payment" at the bottom of the page, or email us at willamettegirlchoirsalem@gmail.com to request the transfer.
